

The federal government offers a wide variety of services to veterans through the U.S. Department of Veterans Affairs. CT State is committed to improving the resources available for student veterans on our campuses by fostering an encouraging environment to strengthen institutional and individual goals.

A Veterans Certifying Official can help eligible students apply for Veterans Administration (VA) benefits. **You are advised to apply for veterans benefits as soon as you apply for admission to CT State through <https://www.va.gov/education/how-to-apply>.** To be eligible for VA benefits, you must be enrolled in a degree or certificate program. Most credit programs and some non-credit programs offered by CT State are eligible for VA benefits. Approved programs can be found at the Connecticut Office of Higher Education at <https://portal.ct.gov/ohe>.

Once you have registered for classes and submitted your request for certification, CT State will certify your enrollment to the VA. Your continued certification by CT State is contingent upon meeting academic progress guidelines (*please see the section below*). If you are a student whose Combined Academic Standing indicates suspension you are academically ineligible to receive VA educational benefits.

If you are receiving VA benefits you must email CTState-Veterans@ct.edu each semester and notify us of any changes in your course load and/or program of study. Courses must meet the requirements of the degree or certificate that you or your dependent are enrolled in.

POLICY PROTECTING STUDENTS FROM FEES AND PENALTIES DUE TO VA PAYMENT DELAY

By Title 38, US Code 3679(e), CT State has adopted the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. CT State will not:

- Prevent a veteran student's enrollment.
- Assess a late penalty fee.
- Require students to secure alternative or additional funding.
- Deny access to any resources (including access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- For Chapter 31, provide the VA VR&E's contract with the school on VA Form 28-1905 by the first day of class.
 - Chapter 31 students cannot get a completed VA Form 28-1905 (or any equivalent) before the VA VR&E case manager issues it to the school.
- For Chapter 33, provide a Certificate of Eligibility (or its equivalent)
 - Chapter 33 students can apply for benefits through <https://www.va.gov/education/how-to-apply/>
- Provide written requests to be certified.
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

In addition, the VA GI Bill Comparison Tool will identify schools that have additional requirements. Please visit <https://www.va.gov/education/gi-bill-comparison-tool> for more information.

ACADEMIC PROGRESS

U.S. Department of Veterans Affairs (VA) regulations require that all students receiving VA educational benefits meet CT State's academic standing policy as stated in our college catalog. Students who are suspended for failing to meet the College's academic standing policy will be reported to the VA. Students may appeal their academic suspension in accordance with CT State policy (*Please see the "Academic Suspension" section of the handbook*). Should the appeal be successful, the student's enrollment will be reported retroactively to VA for the enrollment period to which the appeal applies.

The CT State Student Handbook is available at <https://ctstate.edu/images/Forms-Documents/CTS-Student-Handbook.pdf>.
