

**CT State Community Colleges
Electronic Incomplete Request Form Training
April 25, 2024**

Per the CT State Catalog:

An Incomplete is used as a temporary grade assigned by a faculty member when coursework is missing, and the student agrees to complete the requirements.

A student may request an Incomplete from the faculty member; that faculty member is not required to agree to the request. Faculty members should assign an Incomplete when there are extenuating circumstances, such as illness, that prevent a student from completing the assigned work on time. Further consideration should be given to determine if the student has participated in and completed at least 61% of the course, and, in the judgment of the faculty member, the student can complete the remaining work no later than the tenth week of the next standard semester.

Any faculty member that assigns an Incomplete shall document such an activity, and inform the student, the campus Dean of Faculty or campus dean responsible for faculty affairs, and other appropriate parties, as needed, using a common email sent via the Hyland OnBase System. Supporting documentation, agreed upon by both the faculty and student, must include:

- A brief description of the requirements to be completed;
- The date by which the coursework must be submitted to the faculty member;
- A statement that the Incomplete will change to a specific letter grade if the work is not completed by the tenth week of the next standard semester.

If a student fails to complete the required work or fails to submit the work by the specified time, or if the faculty member fails to submit a replacement grade, the Director of Registration and Academic History or their designee shall convert the Incomplete on the student's transcript to the letter grade specified on the original paperwork. Specially accredited programs may have specific progression criteria where a student cannot progress in their program with an Incomplete on their transcript.

Students with an Incomplete are temporarily ineligible for semester or graduation honors. Upon conversion of the Incomplete to a letter grade, students may retroactively receive semester or graduation honors, and such recognition shall appear on the transcript, provided the student has earned the required GPA.
