

# CT State Student Handbook

Dr. Scott J. Kalicki  
Interim Vice President of Campus Operations

**CT STATE**  
**COMMUNITY COLLEGE**

# **What is a Student Handbook (and why is it important)?**

- A Student Handbook is, just as it implies, a book for college students that typically highlights...
  - student **Rights and Responsibilities** and which provides information about important
  - **College Policies** and available **Resources**

As a result, the Student Handbook is an important tool to student success as it serves as a single source for key college information.

# Prior to the merger...

- There were 12 Community College Student Handbooks
- While they had a number of elements in common, containing similar information...
- They were also different in terms of layout and content that often was unique to that specific campus and not applicable to another campus.

# So the challenge was...

...to look at the 12 campus Student Handbooks in terms of content and design one common CT State Student Handbook that would be uniform and useful for any student across the 17 CT State campus locations.

This project provided us with the opportunity to revise and update information and ask the question,

“What information is important for students at CT State to have, and what is the best way to present the information?”

# How was it done...

- Initially, a Student Handbook Committee was formed to create a “topics outline” of information that should be in the Handbook for students.
- Each campus Handbook was reviewed by topic to identify the best presentation of information for a given topic area.
- Content Experts, CSCU Legal and campus Student Affairs leaders were asked to review the initial and revised drafts of the Handbook.
- Finally, CT State Marketing was brought into the project to manage the style and look of the Handbook.

\*Much of the credit for this complex project goes to Kathy Czarnota, who served as the project coordinator and kept the Handbook's development in motion.

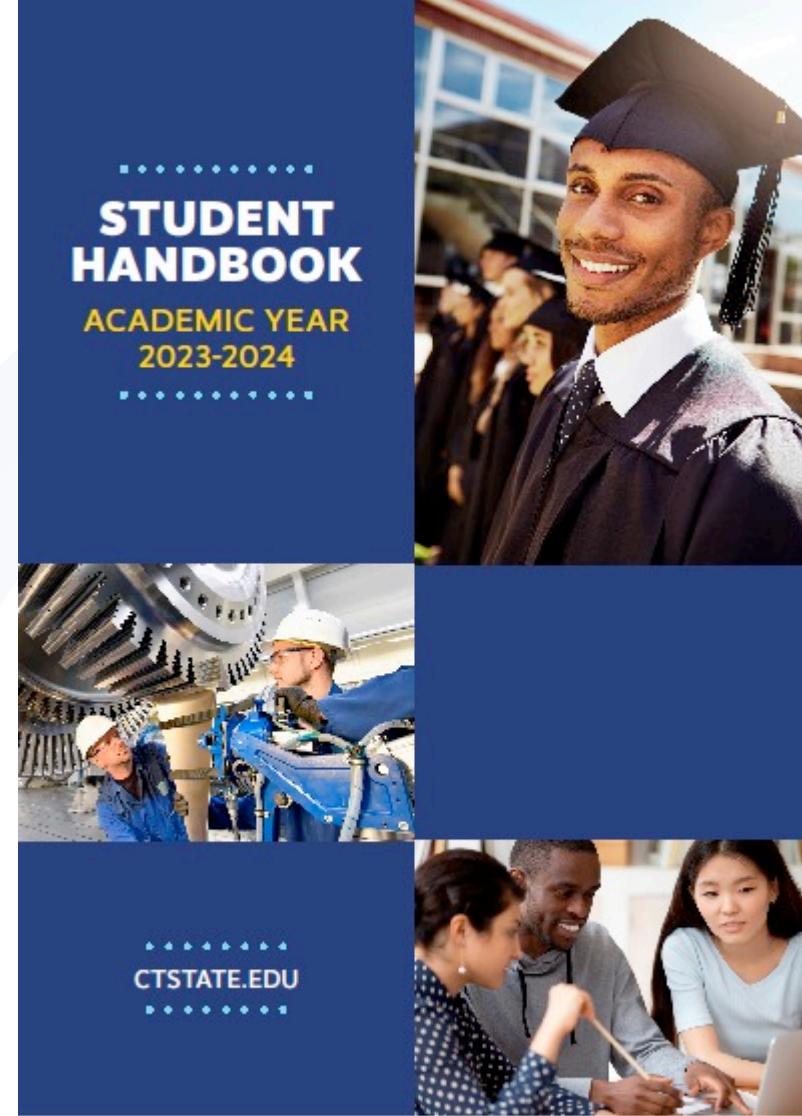

# **Student Handbook design...**

- To present CT State Community College information that applies to all campuses and all students
- To create easy access by providing Hyperlinks to bring the reader to specific topic pages and campus-specific information

**STUDENT CODE OF CONDUCT .....** **18**

## **INTRODUCTION**

This Student Code of Conduct (hereinafter the “Student Code” or “Code”) is intended to present a clear statement of student rights and responsibilities established by the Board of Regents for Higher Education. The BOR has charged the President of the Board of Regents for Higher Education with developing procedures to protect those rights and to address the abdication of responsibilities in collaboration with the four State Universities, the twelve Community Colleges and Charter Oak State College. The Student Code describes the types of acts that are not acceptable in an academic community.

**PART D: PROHIBITED CONDUCT**

**PART A: DISCIPLINARY PROCEDURES (Academic and Non-Academic Misconduct)**
